

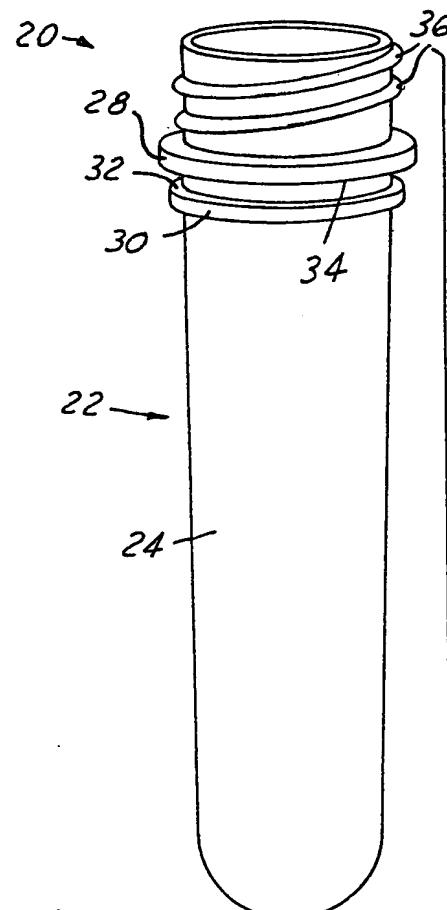

FIG. 1

The diagram illustrates a container assembly. At the top, a cylindrical cap 26 is shown with a ribbed base 36. A neck 28 extends from the base 36. Below the neck 28, a horizontal band 42 is attached. A vertical tube 44 is connected to the band 42. The tube 44 has a flared end 40 at its lower part. The main body of the container is labeled 30. On the right side of the body 30, there is a label 24a. An arrow points to the number 46 near the top left of the diagram.
